

Celebrate Without the Waste - having a plastic-free party

Planning a celebration? You can have the party you wanted without all the normal plastic waste thanks to Chester's Eco Communities.

From reusable party kits (plates, cups, bowls, cutlery) to eco-friendly bunting and thoughtful party bags, simple swaps make it easy to cut out single-use plastics, so you don't have to sacrifice style or fun to be more sustainable.

The scheme is non-profit so hiring can be free (they welcome donations) and you only pay for missing and broken items. Helen Tandy is the main co-ordinator and she loves to help!

Here is the link to the Eco Communities page where you can put in a request for the party kit:
